Recruitment Consultant - Finance into the Third Sector - City of London - 25000 - 32000 + commission

Interested in working on a hot desk dealing with PSL clients

Want to work with professional, high calibre candidates

Want to work for a global recruitment business established over 30 years

The company:

My client is a leading recruitment business who recruit across Commerce & Industry, Legal, Banking & Financial Services and the Public Sector.

They have been established over 30 years and can offer an autonomous, proactive and positive working environment where everyone takes a consultative approach to recruitment. There are over 200 employees with 120 in the London office. They have superb technology, great facilities and can offer excellent training and career progression throughout your career.

The role:

They are now looking for an experienced Recruitment Consultant to join their team and work on a hot desk recruiting Accounting and Finance professionals into PSL clients in the Charity sector.

They have a rich history in this sector with a warm set of relationships that need maintaining and built upon.

You would be working alongside one other Principal Consultant and have access to an enormous client network.

You will be recruiting at salary levels from £40k – 90k and working with some extremely high profile and well known names in the Charity world.

This is an incredibly diverse sector and you will be dealing with high calibre candidates. T

This is a truly exciting desk to work on as you will truly be able to engage with your clients directly, there is a lot of opportunity in this market and far less competition.

You will have:

At least 12 month's experience as a Recruitment Consultant ideally recruiting Accounting and Finance candidates.

You will have a good track record in recruitment, the confidence to deal with senior level candidates and clients and be a strong networker keen to immerse yourself in this market and build strong relationships.

The rewards:

In return you will be offered a competitive salary, uncapped commission that pays up to 40% and amazing benefits. In addition you will have access to formal training and career development plus quarterly and annual incentive schemes.
