Recruitment Consultant - Finance into Housing - London EC2 - £30,000 + commission + benefits

My client is an outstanding, privately owned and successful recruitment business based in Central London.

Formed in 1994 the business has grown rapidly and they are the leading public sector recruiters and approved suppliers on a number of high profile recruitment frameworks. In addition they recruit for a broad range of commercial organisations, ranging from SME's to a number of FTSE 100 and FTSE 250 companies as well as high profile public sector and not for profit organisations.

As a business, they have a proven track record across the Accounting and Finance sector for successfully sourcing high calibre candidates and placing in to a broad range of jobs. Their team of specialist recruitment consultants recruit into permanent, contract and interim roles across commerce & industry, public sector and not for profit.

They are looking to hire an experienced Recruitment Consultant to work on a dual desk, recruiting part qualified and qualified accounting and finance professionals into a hot desk within the Housing sector.

This is a hot desk that has generated over £300k in revenue in the past 12 months and has the potential to do so much more and you will have access to a candidate database that is up to date and workable.

The successful candidate will have a good track record in financial recruitment, be comfortable and confident dealing with senior level client and candidates. There is the potential for this to grow in to a management opportunity too in the near future.

In return you will receive a competitive basic salary and commission structure. They offer a lively, busy working environment, excellent support, a unique training and development platform and superb long term career. Call me on 020 3889 1673 or email louise@gsr2r.com
