Principal Consultant - Compliance - City - £40000 + commission with zero threshold

I have an amazing opportunity to join a small boutique finance recruitment business in the City. They are sector specialists in Corporate Governance and they recruit primarily into Tier 1 Investment Banks, Insurance, Asset Managers, both in London internationally, especially Switzerland, Hong Kong and the US.

The business was established in 2011, has 8 staff and has achieved some amazing results since their inception. Due to volume of roles, they are looking to hire an experienced Recruitment Consultant to take on and build their Compliance business.

Recruiting primarily in the £55k – 130k salary bracket, they can offer an established client base and a steady stream of roles. There is a real opportunity to build a team in this space. It is a candidate short market so networking is key, however you will be expected to build client relationships too so previous experience is a must.

If you have relevant sector experience and you wish to join this young but growing team, then I'd love to hear from you. In return you will receive a competitive salary commensurate with your experience and an excellent commission scheme. There is no threshold so you will start earning commission straight away.
