### **Divisional Manager - FM & Maintenance - City - £40000 - 50000 + monthly commission + team override**

Are you an experienced manager in the FM and Maintenance sector looking for a new challenge to lead and grow a successful team? Inherit, lead and grow an established FM and Maintenance team of 5 staff billing in excess of £50k per month. This is a billing manager role with the aim to lead by example and develop the FM division. A focus on mechanical and electrical based roles with leading service providers but huge scope to grow the team into all areas of FM. Huge backing to grow the division and great rewards for performance over budget which the team is currently hitting.

#### **They are:**

Established in the FM & Maintenance sector as well as various divisions focused purely on the built environment

Over 50 staff in their London office

Excellent reputation within the built environment recruitment sector with ambitious further growth plans

High performing business with excellent rewards and incentives

#### **They can offer you:**

A top performing team against target to lead and develop

Training and development throughout your career

Be part of a strong leadership team

Uncapped OTE and great team and individual rewards

Career progression to Associate Director including equity

#### **You need:**

Proven track record of managing teams in the FM and Maintenance sector

Ability to develop recruiters and produce high performers

Strong work ethic and drive

Ability to lead by example

Sense of humour, down to earth personality

High standards and ambition

I've worked with this client since they started up and seen them grow and grow. They are an ambitious, highly successful business offering great rewards and career progression.
