Recruitment Consultant - Built Environment - City - 20000 - 25000 + uncapped commission

Recruitment Consultant needed to work for an established brand with 15 years exposure to the white-collar construction sector across multiple sectors - they are keen to expand and develop their own recruiters.

Not happy in your current market? Make a move into the construction and property sector and join a team of over 50 recruiters across three offices focused on the white-collar market within the built environment with excellent training to develop your recruitment skills and knowledge of the construction and property sector.

They are:

Recognised brand name in the construction, fit out, residential and M&E sectors

Supplying white-collar construction and property professionals on a contract and permanent basis

Medium sized, niche professional business

Proven track record of developing staff as all managers in the business joined with no recruitment experience

Adult and professional environment

They can offer you:

Market leading training into both the construction and property sector as well as developing your recruitment skills

A successful and high performing team environment

Market leading Brand

Clear career progression

Team work/ Grown up environment

Strong leaders/Industry knowledge

Outstanding commission structure

You need:

6 months plus recruitment experience in any professional discipline

A track record of financial delivery against targets

High level of drive and ambition

Consultative approach

Strong work ethic

High level of integrity

Willingness to learn and develop

Excellent communication skills

Do you want to work for a market leading brand and develop your recruitment career with an adult, highly supportive and high rewarding consultancy?

Right for you? Just want to know more? Contact me or send your CV.
