### **Senior Recruitment Consultant - Front Office - Central London - £40000 + commission**

Excellent opportunity for an experienced Recruitment Consultant to work for a hybrid, search oriented financial recruitment firm specialising in M&A. This is a small business but staffed with experienced recruiters, super profitable and have an enviable brand presence in their market.

They work in a niche market and their candidate base is made up of corporate finance professionals, largely focused on M&A advisory. They are experts in valuing businesses, are highly proficient excel modellers and very good salesmen too!

This is a very busy market and there is too much work so they are looking to hire an experienced Recruitment Consultant, ideally someone with an understanding of, or interest in, banking/financial services. The client base is varied and you could be working with bulge bracket banks to smaller, niche elite boutiques primarily in London with some international work. You will be dealing with line managers and will have good networking/relationship building skills.

The ideal candidate will have at least 2 years' recruitment experience, an interest in Financial Services, excellent communication skills and the ability to network at senior level. There is a lot of money to be made in this market so if you have a proven track record and want to be part of a specialist, successful business then please contact me for further information on 020 3889 1673 or email [louise@gsr2r.com](mailto:louise@gsr2r.com)
